

Paragon Machine Works Shipping

Domestic Shipping

- Shipping options: USPS and FedEx.
 - The time frames that USPS gives for your package delivery are estimates only and are not guaranteed.
- You will be emailed a tracking number once your shipment has been processed.
- For phone, fax or e-mail orders shipping costs cannot be determined until your order has been processed.
- We do not make a profit on shipping; we charge enough to cover insurance, packaging, and labor.

International Shipments

- Shipping options: DHL or FedEx
- You will be emailed a tracking number once your shipment has been processed.
- The customer is responsible for customs fees, brokerage charges and taxes for any package that crosses the US border. We do not determine or have control over these costs; please address any concerns with your customs agency.
- We cannot designate your shipment as a "gift" or to falsify invoices so that item costs appear lower.

Can I choose an alternate method of shipping?

If you would like to use a different shipping carrier, we will work with you to coordinate your shipment through the carrier. You will be responsible for all fees incurred for the alternate shipping method.

Expedited Shipping

When choosing expedited shipping (FedEx Express) keep in mind that packages may not be picked up until late in the day, and will not ship on Saturdays, Sundays or major holidays. For optimal delivery with expedited shipping, place your order before 2 PM on a Monday or Tuesday.

Scheduled Closures
